

## Download Tools

This section of the EPISODES Platform Documentation contains user guides dedicated to applications belonging to the *Download Tools* category. These applications, by accessing various data repositories available to the platform, offer the functionality of downloading multiple data items to user workspace. They may be used for preparation of data for other applications. To access these applications on the EPISODES Platform, please use this direct link: <https://tcs.ah-epos.eu/#apps:categories=Download+Tools>
