

Converters

This section of the EPISODES Platform Documentation contains user guides dedicated to applications belonging to the "Converters" category. These applications perform relatively simple data transformations - conversions to different formats. Converters help to adjust input files to the requirements of other applications. To access these applications on the EPISODES Platform, please use this direct link: <https://episodesplatform.eu/#apps:categories=Converters>

The following list contains links to user guides describing usage of applications from the current category.
